Choose to prevail

The Diplomat

Isidore is an automatic watch brand for those who find themselves between aspiration and triumph. The brand was built by and for individuals who, despite difficulty, stay true to their aim. It is an ally on your wrist in your everyday pursuit. It works when you work. It grinds when you grind. Let Isidore simply remind you that victory is a matter of time for those who persevere. And with its subtle plays on classic designs, looking good is just part of the package.

Choose Isidore. Choose to prevail.
